REPORT OF THE BOARD OF SELECTMEN

As 1995 comes to a close, we are pleased to make this annual report to the citizens of New Durham. The ensuing pages are filled with the specific reports and information which outline the activity and accomplishments of all our Town departments, boards, commissions and officers during the past year. Yet, we'd like to specifically note the following undertakings:

* *Road Reconstruction:* For the past several years, the Selectmen and the Road Agent have discussed how best to approach the need for major reconstruction on town roads. During the past year, a plan has been developed to begin to tackle these efforts in 1996. Most notably are a portion of Birch Hill Road and the section of North Shore known as "Owls' Head." As our town grows, roads which have helped us well for many years simply can not support the additional traffic.

* *Town Beach Parking:* The 1995 Town Meeting approved funding for the expansion of the Town Beach parking area adjacent to Merrymeeting Lake. Through the generosity of New Durham Properties, Inc., the Town was given more than an acre of land for this purpose, which the Parks & Recreation Commission has diligently worked to develop in time for the 1996 season.

* *Acquisition of Ambulance:* Officials of the New Durham Fire Department came to the Selectmen during the course of 1995 expressing concern for the condition of the Town's ambulance. On numerous occasions, the Department experienced difficulty transporting patients due to the condition of the vehicle. Efforts have been commenced to locate a new emergency medical vehicle which could be placed into service with the approval of the 1996 Town Meeting. It is the intention of the Selectmen and the Fire Chief that this new vehicle NOT cost the taxpayers, but rather to structure a financing arrangement which can be covered through the New Durham Ambulance Special Revenue Fund established in 1995, which collected more than \$13,000 during its first 10 months.

In April, 1995, William Herman of Weare was appointed Town Administrator succeeding Bob Belmore who left to assume the position of Plaistow Town Manager.

As the Town's chief executive and financial officers, the Board of Selectmen has continued the support and guidance necessary to meet New Durham's present and new challenges. Our residents expect sound management of all of our community's resources, and we are working to meet these challenges.

To all Town officers, employees and volunteers, we express our sincere appreciation for your dedicated service to the citizens of New Durham.

Frederic W. March, *Chairman*

M. Dean Stimpson, *Selectman*

Joanne V. Heger, *Selectman*

NEW DURHAM BOARD OF SELECTMEN

RECORD OF TOWN MEETING**MARCH 15, 1995**

The meeting was called to order by the Moderator, Tim Bates, at 7:00 P.M. He read the results of the previous days election on Town Officers, School Board Members and proposed amendments to the Town of New Durham Zoning Ordinance and Building Regulations. He also outlined how he proposed to conduct the meeting.

ARTICLE #2. A motion was made by Selectman Heger and seconded by Road Agent Fuller that the town vote to raise and appropriate the sum of \$5,000 for improvements on Merrymeeting Road under the State Aid Reconstruction Program provided the State of New Hampshire appropriates \$10,000 for this purpose. There was no discussion and article passed.

ARTICLE #3. Motion made by Selectman Heger and seconded by Selectman March that the town vote to raise and appropriate the sum of \$10,000 to be added to the highway truck Capital Reserve Fund previously established. No discussion and article passed.

ARTICLE #4. Motion made by Selectman Heger and seconded by Road Agent Fuller that the town vote to raise and appropriate the sum of \$15,000 to be added to the highway department loader Capital Reserve Fund previously established. No discussion and article passed.

ARTICLE #5. A motion was made by Selectman Heger and seconded by Police Chief Wheeler that the town vote to raise and appropriate the sum of \$24,300 to purchase a new police department 4x4 vehicle. There was no discussion and article passed.

ARTICLE #6. Motion made by Selectman Heger and seconded by Selectman March that the town vote to raise and appropriate the sum of \$8,000 to complete energy conservation improvement measures at the fire station as follows:

Town Funds	\$ 4,000
State Grant	<u>4,000</u>
Total Funding	\$ 8,000

The total sum to be raised and appropriated provided a matching State Grant in an equal amount to the town's expenditure is received. No discussion and article passed.

ARTICLE #7. Motion made by Selectman Heger, seconded by Road Agent Fuller that the town vote to establish a Capital Reserve Fund under the provisions of RSA Chapter 35 for the purpose of purchasing a new highway department solid waste facility chipper, and to raise and appropriate the sum of \$1,500 to be placed into this fund, and to designate the Selectmen as agents to expend. Said \$1,500 is the anticipated amount to be raised as revenue from the annual Dumpfest. After some discussion the vote was called and article passed.

ARTICLE #8. A motion was made by Selectman Heger and seconded by Selectman March that the town vote to raise and appropriate the sum of \$1,000 to be added to the Uncared for Old Graveyard Trust Fund previously established for maintenance and restoration of Old Graveyards. Linda Bishop asked why we had to keep adding money to this fund and Eloise Bickford explained how we could only expend the interest. After some further discussion the vote was taken and article passed.

ARTICLE #9. A motion was made by Selectman Heger and seconded by Selectman March that the town vote to raise and appropriate the sum of \$3,000 to be added to the Accrued Benefit Liability Fund Expendable Trust Fund previously established. Eloise Bickford inquired what this means and Selectman Heger explained. Vote taken and article passed.

ARTICLE #10. Motion made by Selectman Heger and seconded by Selectman Stimpson that the town adopt the provisions of RSA 31:95-c to restrict the revenues from ambulance charges to expenditures for the purpose of ambulance vehicle repairs, renovations and new purchases. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the New Durham Ambulance Fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. Selectman Stimpson explained how this article required a paper ballot vote. After some discussion both pro and con regarding what was meant by legislative body and Mr. Fisher inquiring about a guarantee that these funds would be used for the ambulance only, the paper ballots were

handed out. The polls were kept open until everyone eligible had voted. The ballots were counted by the Supervisors of the Checklist. Results:

YES - 102 NO - 8 Article passed.

ARTICLE #11. Motion made by Mark Jarvis and seconded by Rod Doherty that the town vote to raise and appropriate the sum of \$10,000 for costs to expand and develop the present Town Beach parking site and to authorize the use of any balance for costs in connection with improvements to the recreational area at the Town Beach. Mark Jarvis explained the article. A paper ballot was called for by a show of 5 hands. Mr. Fenske asked about user fees and Selectman Stimpson explained. Doug Heaton inquired about long term plans and sanitary facilities. After further discussion both pro and con, a motion was made and seconded to limit the debate. Motion passed and paper ballots were given out. Supervisors of the Checklist counted the ballots with the following results:

YES - 61 NO - 51 Article passed.

ARTICLE #12. Motion made by Selectman Heger and seconded by Road Agent Fuller that the town vote to authorize the Selectmen to accept ownership of a tract of land, approximately one acre, being donated to the Town for expansion of the Town Beach parking area, on such terms and conditions as determined by the Selectmen. Selectman Heger explained the article stating there would be no loss of taxes to the town. No monetary expenses are involved as this would only entail a lot line adjustment. Mr. Heaton inquired about recording the deed and it was explained that the Town was tax exempt. Mr. Fisher made a motion to move the question. Seconded and passed. The vote was taken and article passed.

ARTICLE #13. A motion was made by Selectman Heger and seconded by Selectman Stimpson that the Town vote to authorize the use of a portion of the Shirley land, consisting of approximately one acre more or less, for expansion of the Town Cemetery, providing confirmation is obtained from the Probate Court. Robert Bickford, Cemetery Trustee, explained to the voters that the Town needed more land for future expansion of the Shirley Cemetery. Mr. Bourgoine questioned if this would entail any monies being expended and Selectman Heger explained that the Town already owned the land. There was no further discussion and the vote was taken. Passed by unanimous vote.

ARTICLE #14. Motion made by Selectman Heger and seconded by Selectman March that the Town vote to set the compensation of the Town Clerk and the Deputy Town Clerk, in lieu of statutory fees, as follows:

Town Clerk	\$2,600
Deputy Town Clerk	\$2,000

Selectman Heger explained that this would entail a slight increase in funds. After further explanation by Selectman Heger, the vote was taken and article passed.

ARTICLE #15. It was moved by Selectman Heger and seconded by Selectman March that the town vote to raise and appropriate \$1,423,833 to defray the expenses of town government. This amount was arrived at as follows:

Selectmen & Budget Committee Budget - 1995	\$1,410,805
Plus - Article 11	10,000
Plus - Misc. Revenues not included in budget to be expended as follows:	<u>3,028</u>
	\$1,423,833
4194 - General Government Buildings -	\$ 828
4210 - Police	500
4220 - Fire	<u>1,700</u>
TOTAL	\$ 3,028

This amount includes the special articles just passed. The vote was called for and the article passed.

ARTICLE #16. As there were no reports of standing committees, a motion was made by Selectman Heger and seconded by Selectman Stimpson to adjourn the meeting. Vote was called and passed. Meeting adjourned at 9:00 P.M.

Mary V. Fuller
Town Clerk

A true copy of record, ATTEST:
Mary V. Fuller, Town Clerk
New Durham, N.H. 03855

REPORT OF THE BUILDING INSPECTOR/ CODE ENFORCEMENT OFFICER

<u>ITEM</u>	<u>PERMITS</u>	<u>ESTIMATED VALUE</u>	<u>FEES</u>
Single Family Homes	13	\$ 731,800.00	\$ 2,719.00
Additions & Alterations	30	514,040.00	2,320.00
Garages	14	147,600.00	1,121.00
Sheds & Barns	7	61,406.00	339.00
Structures other than Buildings	11	31,898.00	286.00
Nonresidential Buildings	2	22,000.00	126.00
Restaurant, Fire Job	<u>1</u>	<u>50,000.00</u>	<u>185.00</u>
TOTALS	78	\$ 1,558,744.00	\$ 7,096.00

To the Board of Selectmen and the Citizens of New Durham:

The total number of building permits issued for this year are 14 fewer than 1994, but the estimated cost of valuation has increased over last year by \$29,249.00. Also, there has been an increase of \$327.00 in fees collected over last year.

If you have a building permit, it is very important to have all the inspections done for that permit and your Occupancy Permit as well. We are getting more calls from lending institutions as to the status of permits issued to owners of property. Occupancy Permits are issued for additions & alterations, as well as new dwellings. Because we are part-time building inspectors, please help us by giving us adequate time to do inspections. If you need an inspection, we must have a 24-hour notice so that we can do it in the morning or evening of the next day.

The best time to reach us is in the evenings if you need to speak to us personally. You may call us any time from 8 a.m. to 9:30 p.m. and leave a message on our answering machines as well. The numbers to call are David T. Lindberg (859-4081-home phone) or Assistant Charlie Wheeler (859-6721-home phone). Office hours are Thursday evenings from 7 to 9 p.m. and Saturday mornings from 9 a.m. to 12 Noon at (859-7171). Charlie Wheeler is on call for the months of April to December only when I am not available.

Respectfully submitted,

David T. Lindberg
Building Inspector/Code Enforcement Officer

JOHN C. SHIRLEY CEMETERY TRUSTEES REPORT

It was a busy year at the John C. Shirley Cemetery.

A) Extending of back lots for future expansion is underway for 1996. The surveying, new roads and new plots are planned in the 1996 agenda.

B) Additional funds for expansion via the purchase of additional property should be considered by the Town, since the Strafford County Probate Court ruled we are more limited in the total size of the John C. Shirley Cemetery.

C) In the Spring of 1996, a lilac planting will begin from a special "William Nehring Memorial Lilac Fund".

D) The entry gates were enhanced by plantings and a brick walkway into the vault was added. The new gates are scheduled for finishing and repainting in the Spring.

Respectfully submitted,

Robert E. Bickford

Tonya Albee

Nelson E. Chamberlin

John C. Shirley Cemetery Trustees

REPORT OF THE NEW DURHAM CONSERVATION COMMISSION

To the Board of Selectmen and the citizens of New Durham, I respectfully submit my annual report as Chairman of the Conservation Commission.

We conducted on-site reviews of all Dredge and Fill applications filed during the year. We reported our findings and recommendations to the N.H. Wetlands Board. In addition, we investigated several complaints of alleged wetlands violations, thereafter reporting directly to the Wetlands Board.

We photographed the shoreline of Shaw's Pond to add to our reference material. We have found the photographs that we took in 1993 of the shoreline of Merrymeeting Lake to be quite helpful. We plan on photographing the shoreline of Chalk and Marchs ponds in 1996.

The NDCC submitted its comments and recommendations to the N.H. Fish & Game Department regarding public access on Merrymeeting Lake. We also submitted our comments to the N.H. Wetlands Board on the recently proposed changes to the Wetlands Regulations.

We want to thank those of you that we had contact with this past year for your cooperation, and encourage everyone who is considering doing any work near any wetlands to first contact us to determine if a permit is required.

We are looking for new members on our Commission. If you are interested, please contact a Commissioner, or come to one of our meetings, which are held the last Wednesday of every month at 7:00 p.m. at the Town Hall.

Respectfully submitted;

Susan Pillsbury-Jenkins, Chairman
New Durham Conservation Commission

REPORT OF THE FIRE CHIEF

1995 was a year of expansion and consolidation. New equipment was brought into the Department, our mission was expanded to include watercraft, and we continued to adjust and fine tune our role as the primary ambulance service for the town.

Your volunteers also spent hundreds of hours at training. Some of the training hours were required to maintain certifications, some to gain new knowledge. The EMT-B certification involves more than 120 hours, Firefighter Level I requires more than 120 hours, and EMT-B recertification requires more than 76 hours of training. In addition, some members also attended many shorter classes, like the defibrillator training which was nine hours. On top of all the hours spent training, your volunteers also responded, at all times of the day and night, to a record number of calls in one year . . . 238.

The new Engine 1 was brought into service and volunteers devoted numerous hours to outfitting it. All members then had to be trained in the proper operation of this powerful addition to our firefighting capabilities. Lieutenant Brad Meyerriecks donated a boat, motor and trailer to the Department, and we are currently outfitting the craft and designing training to add this new dimension to the services we offer.

A defibrillator was purchased for the ambulance and qualified personnel were certified in its proper operation. Because of the increase in calls for the ambulance, we are developing a system for scheduling people to staff the ambulance that will guarantee the ambulance rolls in a timely manner to every call for service. A new forestry unit was custom built by the Town Mechanic, John Radcliffe, and Firefighter David Stuart was placed in charge of it and ran training for members on its operation.

As we look forward to 1996 and the coming years, two major projects present themselves. The first is replacing the current ambulance. It is a 1981 with 180,000 miles on it and does not provide the kind of dependability that is required for an emergency vehicle. We have been actively looking into ways to replace it with minimal cost to the taxpayers of the town, and we think that a lease/purchase plan that we have located will work out nicely.

The second project is finding a way to increase the area that we have available for training sessions. As you can tell from the hours involved in the training already mentioned, training takes up a major portion of the time committed by the volunteers that serve you. We currently have a training room that comfortably seats about 10 people. We frequently hold training and meetings that overflow this room. A plan that we are looking at will increase this area in combination with expanding our capability to house people during

times of natural disaster. The station has been designated as an emergency shelter and, because it is equipped with a backup generator system, we can provide heat, water and lights during power outages. We are seeking to locate grant money to offset the cost of this expansion and reduce the amount of money needed from the town.

More than ever, please be assured that this Department seeks to provide you with the best service possible at the smallest cost to the taxpayer. We are constantly looking for ways to improve ourselves and our service, and urge people who are interested in medical services or firefighting to apply and join us in serving the community.

Respectfully submitted;
Brinley R. Nelson
Fire Chief

(Photo by Chuck Rupprecht)

REPORT OF THE TOWN FOREST FIRE WARDEN AND
STATE FOREST RANGER

In calendar year 1995, our three leading causes of fires were children, non-permit fires not properly extinguished and smoking materials.

Violations of RSA 224:27 II (the fire permit law) and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

<u>Forest Ranger Reported Fires</u>		<u>Fires Reported by County</u>	
Number of Fires for Cost Share Payment	465	Belknap	11
		Carroll	50
Acres Burned	437	Cheshire	39
		Coos	17
Suppression Cost	\$147,000+	Grafton	26
		Hillsborough	71
<u>Lookout Tower Reported Fires</u>	555	Merrimack	49
		Rockingham	106
Visitors to Towers	26,165	Strafford	78
		Sullivan	18
<i>Number of Fires in Local Community - 0</i>		<i>Suppression Cost - 0</i>	

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, two mobile patrols and three contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES"

Respectfully submitted;

Lee Gardner
Forest Ranger

Brinley R. Nelson
Forest Fire Warden

REPORT OF THE HEALTH OFFICER

As 1995 comes to a close, my first term as your health officer comes to the end of its three-year appointment. Each year has been busy, exciting and an educational experience.

RSA 128:5 states that the Health Officer enforces the public health laws and rules; makes sanitary investigations as may be directed by the local Board of Health, or requested by the Director of the Division of Public Health Services; conducts sanitary investigations upon reasonable information, personal knowledge or belief, in order to safeguard public health or to prevent pollution of any body of water, and if necessary, takes appropriate action to prevent further pollution.

On January 21, 1995, New Durham joined the ranks of many of our southern communities with the discovery of a rabid animal. Although we had been warned for two years that this horrible disease was on its way into our area, we were hardly ready for the consequences of what this disease could do and the anxiety created with its presence. Miraculously, the rabid animal made no direct contact with the family involved; however, they suffered through the agony of "not knowing" and the inoculations required by their medical advisors.

Although suspect animals were seen, reported and eventually destroyed by the animal control officer or police, no other animals were tested for rabies in our Town. The following are helpful numbers for questions regarding an animal suspected of being rabid, or if a person or pet is exposed to a suspect animal.

New Hampshire Fish and Game	271-3361
New Hampshire Bureau of Disease Control	271-4496
New Hampshire State Veterinarian	271-2404
N. H. Department of Agriculture Rabies Hot Line	1-800-385-7788
New Durham Police Department (Animal Control & Health Officer)	859-2751

What you can do to prevent rabies:

1. Be sure pets are inoculated against rabies and make sure their shots are up to date.
2. Do not touch or pick up wild or stray animals. Don't try to feed them or make them pets.
3. Report unknown or strangely behaving animals to the ACO or Fish & Game Department.
4. Do not make your yard inviting to wild animals. Feed pets inside the house.
5. Keep pets indoors at night. Pets that roam freely are more likely to get rabies.
6. Wear protective gloves when handling a pet that has been involved with a wild or stray animal.

If bitten by a wild or domestic animal, seek medical attention immediately. Wash the wound with lots of soap and water for 10 minutes or more. Contact your Animal Control Officer. Do not attempt to capture the animal unless you can do so without further exposure to yourself.

The New Durham Health Department currently has 1,064 files of septic systems approved by the State of New Hampshire for property in our Town. Long before it was a common practice, a former Health Officer, Paul Gelinas, began keeping a file on each system as it was approved by the State of New Hampshire. Thanks to his foresight we have a good data base of information on systems installed in New Durham. Work is currently underway to add information on all septic repairs and replacement systems. Many property owners have no idea what kind of system they have, and some have no idea of its location. As more and more homes change hands, new owners are able to obtain this information simply by visiting my office and viewing the files.

Several failed septic systems were investigated during the past year, and repairs or replacements were made quickly by the property owners. In addition, 35 new systems were inspected and approved by the State of New Hampshire.

The Town spring on South Shore Road continues to provide water for many people in New Durham, as well as other surrounding towns. Although the water is tested during the summer months, it is advised that all water from this or any other "natural source" be boiled before being used for human consumption.

The November flu shot program administered by the Rural Visiting Nurse Association, Inc., was a large success. More than 60 people were provided with this vaccine in the convenient setting of the Resource Center of the New Durham Library.

Three new day care centers were inspected during 1995. All day care centers are inspected by the Town and the State, and are licensed for three years.

The Merrymeeting Lake Association has continued with the New Hampshire Lakes Lay Monitoring Program which tests water quality at Merrymeeting Lake. By comparing data, any changes can be detected. Each year volunteers from the Association collect data and perform tests to help insure that water quality at Merrymeeting Lake continues to be excellent. A report is compiled each year by the Freshwater Biology Group at the University of New Hampshire. The yearly report provided to the Town is on file at the New Durham Library. The Association is to be commended for its continued work and volunteerism.

Respectfully submitted,

James W. Grigg
Health Officer

REPORT OF THE HIGHWAY DEPARTMENT

1995 was another challenging year for the Highway Department.

An extremely dry summer made it very difficult to maintain the gravel roads. Fall brought us an overabundance of water, and winter gave us more snow storms than usual. The resignation of one employee and a serious injury to another employee made the department short handed through most of the year. These problems coupled together tremendously impacted the highway department. Despite all this, however, the department was able to complete most of the scheduled projects.

Gravel roads such as Brackett Road, Ham Road and a portion of the Middleton Road were upgraded. Removal of the poor materials and slightly widening the road was completed. New crushed gravel from our pit was then placed on these roads.

Ridge and Ridge Top Roads had three (3) culverts replaced. Spot shimming and a hot liquid sealing tar was then applied at an approximate cost of \$23,000.

Hot mix overlays were applied to Ela Mill Road and Kings Highway at an approximate cost of \$25,000.

Reconstruction was completed on Old Bay Road from the elementary school to Old Route 11. The original pavement was "reclaimed" (grinding, pulverizing and replacing it). Fine grading and compaction of the road completed the preparation. Two (2) inches of hot mix was then added to the top of this project. The approximate cost was \$33,000. The intersection of Old Bay Road and Old Route 11 was also reconstructed. Two (2) culverts were replaced and the area was enlarged at a cost of \$7,200.

A total cost of approximately \$88,000 was spent in 1995 to implement these road improvement projects which were outlined in the town's Road Surface Management System (RSMS) started in 1994.

The Highway Department will be asking for an additional \$75,000 at the March 1996 Town Meeting to continue the RSMS programs for reconstruction. Included in the planned work are overlays and shimming to upgrade town roads which are in need of repair. In addition to this report, we are providing a list of road construction and repairs and their estimated costs for the FY 1996 (subject to change). We are also providing a list of roads planned for repairs in 1997, 1998 and 1999.

I wish to thank the Board of Selectmen, Town Employees and Taxpayers of New Durham for their continued support of the Highway Department.

Respectfully submitted,

Mark J. Fuller
Road Agent

REPORT OF THE PARKS & RECREATION COMMISSION

The past year was filled with exciting programs for all to enjoy, a change in recreation directors, added new facilities and the active participation of children and adults in our programs continues.

After three years of service, former Recreation Director Rick Anthony left town employ in August to teach and coach in the Pittsfield schools. I was hired from the Jewish Community Center in New Orleans where I was working as athletic director. I have been both impressed and excited by the programs & community support of the Recreation Department and look forward to working with all.

Our youth and adult athletic programs continued to be a great success. The soccer program attracted more than 90 children and involved eight coaches, their assistants and a number of other volunteers. The basketball program saw more than 120 town youth in grades K-12 and was successful because of the number of volunteer coaches and assistants who gave their time to work with the children. Once again the baseball/softball programs drew the greatest participation with more than 180 children involved. The tremendous support of nearly 30 volunteer coaches and assistants allowed the program to flourish. The new baseball/soccer field, which has been under construction for three years, should be ready for this spring.

Successful adult programs included softball, volleyball & basketball programs and support of the annual Police Relief Association senior citizen dinner. The Recreation Commission also gave support to annual community activities sponsored by the New Durham Athletic Association to raise funds to support recreation programs. These major fund-raisers included the Haunted House and Hay Ride, Holiday Craft Fair and Spring Fling.

The new town beach on Merrymeeting Lake enjoyed its first full summer season with many residents taking advantage of the facility for relaxation and enjoyment of the beautiful natural resource of the lake. More than 150 children participated in the two-session swim program held at the beach that included the hiring of a WSI certified assistant to help the recreation director teach the children to swim. Work continues on the expansion of the parking facility and general development of the beach area.

Other summer activities included trips to a Seadogs baseball game in Portland, ME, Hampton Beach, Mount Major and Surf Coaster.

On behalf of the Parks & Recreation Commission, I would like to thank all volunteers and all others who helped make this year's programs a success. I would also like to specifically thank the New Durham Athletic Association for their continued financial support and volunteer involvement, as well as the New Durham Highway Department led by Mark Fuller for their help on special projects. If residents have any suggestions or comments, please contact me for assistance.

Respectfully submitted,

Bruce Neal
Parks & Recreation Director

REPORT OF THE NEW DURHAM PLANNING BOARD

As I sat down to write this annual report, I turned on the computer and waited for the screen to light up. It didn't. Non happy face - no question mark - nothing - zilch. After fooling with cable and several frantic phone calls, I realized my friend was dead. What to do now with no spell check? It was me and my pen or is it my pen and I? I hope Bill Herman accepts this as justification for being not only short, but late.

After re-reading last year's report, which I thought was quite good, the last paragraph seemed like a good jumping off spot. You'll have to read it yourself!

The Planning Board for several years has recognized a need for the Town to chart a course for the future, but we had no comprehensive, up-to-date data that represented the thoughts, viewpoints or opinions of the townspeople. Planning Board meetings are always poorly attended (we only go because the money is good), which leaves four or five of us sitting around trying to decide which ordinances need to be deleted, changed, updated or added, but always the band aid approach.

We decided on a course of action that would give the town a means of taking stock of what we have and where we want to go, the "Civic Profile". With the help of Strafford Regional Planning Commission, we organized a steering committee that would plan a meeting involving the community and invite a cross section of people. That meeting is set for February 16th & 17th, so by the time you read this it will be history. But the information gained will be used to update the Master Plan and re-write ordinances so that the town will have the protection it wants to develop into the future.

Development can't be stopped, but it can be controlled and recent business activity on the Route 11 corridor indicates it is moving in our direction. Another by-product of the Civic Profile would be to, hopefully, attract some new faces with new energy to the town boards. It seems that the same people keep getting asked to contribute and many times they would gladly step aside if others were available. We also need to give a big pat on the back to the steering committee. They did a great job.

The best news is that the computer is up and running. Dust. I asked my son "do we have to send these things out for cleaning?" His response was "just those who don't cover them." Oh!

Respectfully submitted:

L. Rodgers Smith
Chairman

REPORT OF THE NEW DURHAM POLICE DEPARTMENT

As 1995 concludes, I am pleased to report to you the various changes and accomplishments of the Police Department.

This year brought with it the implementation of the new enhanced 911 system. The new system allows the 911 operator an instant identification of the caller, thus saving crucial seconds during an emergency. Since its implementation, we have documented its success as we continue to improve upon emergency services for the community. We ask that you make certain to post the telephone stickers on or by all phones and take the time to educate youngsters as to how and when to use the system properly. Telephone stickers are available at the police station.

During 1995, Officer Shawn Bernier worked to train and certify his Rottweiler, "Bear", as a working police canine. "Bear" is now on patrol daily as he partners with Officer Bernier. This addition to the Department has aided in the recovery of evidence, searching buildings and finding lost people. In July, while still in training, Shawn demonstrated his canine's capabilities to the campers at Camp Carefree at Merrymeeting Lake as he successfully tracked a simulated lost camper.

At the elementary school, we again enjoyed the services of Trooper Scott Carr of the N.H. State Police as our D.A.R.E. instructor. Trooper Carr has worked hard to educate the children of the fifth and sixth grades about the choices and responsibilities associated with drugs and alcohol. We wish to extend our sincere thanks to Trooper Carr for his help with the program.

The Department experienced numerous events throughout the year which tested the training and experience of its officers, but the with support of the citizens, help of the neighboring police departments and the cooperation of New Durham's Fire and Rescue services, we have been able to rise to any occasion. I thank you for your support and encourage your input as we work to improve your police services.

Respectfully submitted;

David M. Wheeler
Chief of Police

REPORT OF THE NEW DURHAM PUBLIC LIBRARY

The free public library is one of America's most venerable institutions. U.S. citizens take for granted that they will have free and easy access to information, even within small rural towns such as New Durham. The Trustees and staff of the library are working hard to provide the programs and services which best meet our community. There are many people in our community who have helped and continue to help to make the library a better place. This spring, we were unfortunate to lose Nancy Polito, the librarian for many years. Betty Christofore stepped in to help out. Betty spent many hours and shared her expertise with Assistant Librarian Carlene Cutter to continue the library's services as the trustees searched for a replacement. We offered the position of Library Director to Gregory Sauer in May. Greg comes to us from Connecticut where he received his education. The Trustees are happy to have him on board and look forward to a year of success. His priorities in library service are: customer service, adult programming, building the library's collections, expansion of the volunteer program at the library, and increase in the number of hours the library is open. We share many of his ideas for improvement, and wish him well as he settles into his new position.

The Trustees are also committed to beginning a regular scheduled maintenance program for the building. After so many years of concentrating on a collection of resources to service the community, we feel that the building needs some uplifting. We hope to have your support in this vital effort.

We are proud of our library's ability to offer the patrons the use of communication technology. We recognize the need to keep our multimedia computer collection updated and will meet this goal with additional CD programs. We have an Internet connection through the New Hampshire State Library. This continues to add a valuable service to patrons needing access to the extensive resources available through the network.

The annual children's summer reading program was a success. Many children completed the program, "Saddle Up to a Good Book", and the library will offer children and adult programs in 1996.

Finally, Mr. Sauer will continue to update the materials in the library and focus on collection development that meets the needs of New Durham. We look forward to seeing you in your public library, and thank you for your continued support.

REPORT OF THE NEW DURHAM RECYCLING COMMITTEE

To the Board of Selectmen and the citizens of New Durham, I respectfully submit our annual report.

The Committee continued with their efforts to keep our Recycling Program as successful as in prior years and keeping up with the changes as they occur. The Town of New Durham is one of the more successful in the State of New Hampshire. As in past years, we have again managed to reduce the total tonnage sent out by over 100 tons. With your continued cooperation, we should be able to increase that in 1996.

The income from the sale of recyclables for 1995 was \$8,656.06 which, when added to the avoidance of trash removal costs, means good news for the taxpayers of the Town.

The Swap Shop was reopened this spring and with the help of Velma Royce, it was run in an orderly and efficient manner. It remains one of the more popular aspects of our recycling efforts and is widely used.

The Fifth Annual "Dumpfest" was held on Sunday, September 10th and, as usual, a good time was had by all. The weather held up for us again this year and we had a good day. The recycling exhibits are always met with enthusiasm and the "Children's Tent" was again very popular. The most popular attraction appeared to be the Recreation Department's "Garbage Golf" course. You have to see it to believe it!

We are pleased to be able to present the First Annual Volunteer Award to Velma Royce. Because of her efforts, the Swap Shop was kept open. She monitored the shop every day and we felt that she performed "above and beyond". Congratulations, Velma, and thank you.

We continue to attempt to keep the residents informed of the changes in recycling. It is difficult to keep up with them as they are frequent. We again would like to remind you that stickers are required on your vehicles and, if you trade vehicles, we will replace them if you bring in the pieces of your old one.

If you have any questions, would like to serve on the Committee or volunteer for "Dumpfest '96", please call any member of the Committee. We would like to thank you for your past cooperation and look forward to another successful year in 1996.

Respectfully submitted;

Elaine T. Scott Bickford
Chairman

RURAL DISTRICT VNA, INC., REPORT

Rural District Visiting Nurse Association, (VNA) Inc., continues as a private, non-profit home health agency certified by Medicare and licensed by the state in home health and hospice, and also licenses as a community clinic. Our mission is to provide high quality, compassionate, cost effective, home health, hospice and community health care services on an intermittent basis to all ages within Strafford County and northern Rockingham County. We are continuing to grow as the aging population increases, hospital stays are shortened and people are electing home care over institutional care. Rural District VNA has completed over 40,000 home care visits in 1995. Or staff has grown to number 80 people.

1995 marks a year of major accomplishments for Rural District VNA. We were surveyed by the Joint Commission on Accreditation of Healthcare Organizations which resulted in Accrediation with Commendation. This recognition signifies exemplary performance in meeting national standards, and attests to the commitment Rural District VNA has to cost effective, quality care.

The addition to our office was completed in June. This added two administrative offices, a nursing office and a large conference room. We are very grateful for the private contributions that made this project possible. Through the generous contributions of some forward thinking invidiuals, we were able to purchase an additional piece of property for future growth.

Your town contributions are essential to meeting the many health needs in your community. Our commitment to all residents regardless of their insurance coverage reinforces the need for ongoing community support. As competition increases for the insured client referral, please keep in mind you have a right to choose, ask for Rural District Visiting Nurse Association, Inc., by name. We are proud to be meeting your health care needs since 1969 and are looking forward to working for you in the future.

REPORT FROM THE SOLID WASTE DISPOSAL FACILITY

First of all, I would like to thank the Board of Selectmen and the Town Administrator for my recent promotion to Solid Waste Facility Manager.

In 1995, the Town was awarded a \$1,500 grant from the N.H. Department of Environmental Services to upgrade our waste oil recycling site. Construction will begin soon and this area will be fully functional by the summer of 1996.

This past year we marked 40 tons of newspaper, 11 tons of cardboard, three tons of HDPE, two tons of PET, one ton of aluminum cans and 104 tons of scrap iron, 16 tons of tires and 172 tons of debris known as the demolition pile were also removed.

I would like to remind all the citizens of New Durham that recycling is mandatory! I would also like to thank the Recycling Committee for their help in assisting people in their effort to do this properly.

Last, but certainly not least, I would like to thank Mark Fuller and the Highway Department crew for all their help and assistance they provide during busy days, special project days and my days off.

Respectfully submitted;

Joseph E. Bloskey

NEW DURHAM TOWN HISTORIAN'S REPORT

The following is a progress report of several historical projects being pursued under the offices of the Town Historian with a combination of town and private funds.

THE 1772 TOWN MEETING HOUSE RECONSTRUCTION

Many people have mentioned how nice the 1772 Meeting House looks with it's new coat of paint and how much the work accomplished on this historic building is appreciated. The remarks are valued by the volunteers who have given their time to the project for the past eight years.

Once a church and town meeting house, the earliest structure of it's kind in the community, it fell on hard times after the town built a new town

NEW DURHAM MEETING HOUSE 1772 - 1995

The old church and Town Hall is given the finishing touches with gray and barn red paint, similar to the original. (Photo by Bickford)

hall in the village in 1907-8. Mr. Zanello Berry purchased the building in 1912 to use for farm implement storage. He replaced the roof and kept the building weatherproof but, as a storage shed, it had little more done to it.

In 1978, the late Mrs. Lua Berry Pike, daughter of Zanello Berry, offered to return to the Town the historically rich, six acre piece of property. The 1772 Meeting House, the town animal pound, town graveyard and militia training ground are located here. The proposal was put before Town Meeting and the property was accepted by the Town.

The building was in poor shape and a group of individuals, the Town

Historian and the New Durham Beautification and Restoration Association, which has since merged with the New Durham Historical Society, asked at the 1987 Town Meeting for permission to try to save and reconstruct the building for its historic and esthetic value.

Donations were made by interested townspeople on the spot and the work proceeded. As the project continued, the Town Historian requested funds from the town for building materials and each year the town has granted from \$1,000 to \$2,000 for this purpose. Other donations of money and work have given the project a big boost.

Volunteers come and go, but on the average, there have been about five or six regulars who have remained faithful and several others who occasionally help. As in any group, there have been a small core group who continue on with the dedicated leadership of Master Carpenter Ernie Vachon. In 1995, volunteers included Ernie Vachon; George & Robert Bickford; Michael Haley; Paul Gelinas, Sr., and Dennis Gagne.

Sills, rafters and floor boards didn't display the work accomplished the first few years. Now, the derelict building has taken on a fresh appearance with new windows, doors, clapboards and trim painted in historically appropriate colors. Some work remains to be done, but today the structure remarkably resembles a picture of the Meeting House taken about 1880.

1995 Appropriation: \$2,000.

Expended for materials:

Tyvek house wrap -	\$ 93.00
Lumber -	157.77
Double fir door -	569.00
Cabot stain -	21.99
Door latch -	57.00
TOTAL -	\$ 878.00

NEW DURHAM OLD GRAVEYARD RESTORATION

The Old Graveyard project has 130 abandoned, private cemeteries on the books in 1995. One or two new graveyards seems to be found every year, but most of the later finds have not required restoration.

This year a graveyard was restored on the property of Edward Bartlett of Ridge Road Top. Durrell Stevens and his family are buried here. Mr. Stevens was active in the planning of the First Free Will Baptist Church on the Ridge (1818-19) and in his day he was considered a solid citizen of the town. He, and his wife Eleanor, had several children, one of whom was the mother of Marilla Young Ricker, the famous lawyer and activist in the women's suffragette movement.

Another old graveyard to receive restoration is the Henry Miller cemetery on the former Russell Miller farm on Miller Road. A veteran of the War of 1812, Henry Miller is buried there with his wife Mary Rines Miller and several members of the Willey family.

When residing on the property several years ago, Donald Bickford cleared the brush out of the cemetery and planted perennials and roses along the outside of the stonewall creating a place of beauty. This year the Cemetery Committee arranged to have the Miller and Willey stones permanently reset.

The Samuel Willey/Woodson/Pinkham graveyard on Birch Hill Road and the George Aspinwall graveyard located on the backside of Birch Ridge, were added to our records in 1995. They were visited, photographed and inscriptions copied to become recorded as an official abandoned old graveyard.

The Willey graveyard was easy, but it was necessary to have a guide to locate the Aspinwall cemetery. Philip Kenny of North Shore Road volunteered to guide us to this graveyard. Jim and Cherine Swett provided the jeep and we followed an old logging road up over the ridge and down the back side of the field where the graveyard is located. It was quite a thrill.

The cemetery is in good condition with one stone inscribed for George Aspinwall and several old field stone markers. Enclosed in stone walls and in fairly open country, it has escaped the ravages of time or vandalism.

The Samuel Willey cemetery is on the Birch Hill Camp property on Birch Hill and is also in good condition. Apparently very old, there are several fieldstone markers without inscriptions and a small obelisk with the names of the three Pinkham children buried here and a gravestone for Andrew Woodson. Several aged hemlock trees gracefully droop their lacy branches over the cemetery forming a small sanctuary for those resting therein.

MEETING HOUSE PARK

The six acres of land surrounding the 1772 Meeting House has been named Meeting House Park, and a committee is appointed to plan and maintain the area. The animal pound has been repaired, brush and dead trees are being removed to make the area accessible. Plans are also in progress for interpretive signs, benches and nature trails. Committee members are: Eileen Thomas, Susan P. Jenkins, Michael Haley, Lorna Hardy and Eloise Bickford.

Respectfully submitted;

Eloise Bickford
Town Historian

**TOWN OF NEW DURHAM,
NEW HAMPSHIRE**

1995 TOWN WARRANT & BUDGET

**COPPLE CROWN VILLAGE
DISTRICT BUDGET FOR 1995**

**TOWN OF NEW DURHAM
TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of New Durham, in the County of Strafford, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the New Durham Library/Resource Center on Tuesday, the twelfth (12th) day of March, next at ten o'clock in the forenoon, to act upon the following: (Polls will close no earlier than 7:00 P.M.)

- ARTICLE 1:**
- a. To choose all necessary town officers for the year ensuing.
 - b. To choose all necessary school district officers for the year ensuing.
 - c. To vote on proposed amendment to the New Durham Building Regulation to add a declaration of purpose providing appropriate disclaimer language for the regulation.

An you are hereby further notified to meet at the New Durham School on Wednesday, the thirteenth (13th) day of March, next at seven (7:00) o'clock in the evening to act upon the following articles:

ARTICLE 2: To see if the Town will vote to authorize the Board of Selectmen to enter into a financial agreement (lease purchase) for the purpose of acquiring a new emergency medical vehicle and related equipment for the New Durham Ambulance Corps, to raise and appropriate the sum of \$28,460 for this purpose, and to authorize the withdrawal of \$10,000 from the Shirley Timber Fund and \$18,460 from the New Durham Ambulance Fund previously established for the purpose of a down payment and first year's payment for the vehicle. *The Selectmen and Budget Committee recommend this appropriation.*

BY SELECTMEN.

ARTICLE 3. To see if the Town will vote to raise and appropriate the sum of \$10,000 for Improvements on Merrymeeting Road under the State Aid Reconstruction Program provided that State of New Hampshire appropriates \$20,000 for this purpose. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 4. To see if the Town will vote to discontinue the Owl's Head Reconstruction Capital Reserve Fund created in 1992. Said funds totaling \$66,878.19 as of December 31, 1995, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. *The Selectmen and Budget Committee recommend this appropriation.*

BY SELECTMEN.

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$90,000 for the purpose of reconstructing a portion of Birch Hill Road and to authorize the withdrawal from the Birch Hill Road Capital Reserve Fund the sum of \$39,272 plus all interest, up to the sum of \$1,000, accumulated to the date of withdrawal, to discontinue that fund. The balance of the appropriation will come from the Town's general fund. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of \$15,000 for engineering and permitting work associated with the reconstruction design of Owl's Head. This will be a non-lapsing account per RSA 32:3, VI and will not lapse until the engineering is completed or in two years, whichever is less. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$20,000 to be added to the Highway Truck Capital Reserve Fund previously established. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$15,000 to be added to the Highway Department Loader Capital Reserve Fund previously established. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 9. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA Chapter 35 for the purpose of purchasing a used four-wheel drive truck for the Highway Department, to raise and appropriate the sum of \$20,000 to be placed into this fund, and to designate the Selectmen as agents to expend. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 10. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA Chapter 35 for the purpose of purchasing a new assessing software package, to raise and appropriate the sum of \$4,000 to be placed into this fund, and to designate the Selectmen as agents to expend. BY SELECTMEN.

ARTICLE 11. To see if the Town will vote to establish an expendable general maintenance trust fund under the provision of RSA 31:19-a for the purpose of maintaining the Town Office computer equipment; to designate the Board of Selectmen as agents to expend; and to raise and appropriate the sum of \$1,500 for that purpose. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$1,000 to be added to the Uncared For Old Graveyard Trust Fund previously established for maintenance & restoration of Old Graveyards. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$1,000 to be added to the Accrued Benefit Liability Expendable Trust Fund previously established. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$141,974 for the maintenance, construction and reconstruction of town-maintained roads. Of the \$141,974, \$66,974 will be received through State Highway Block Grant Aid from the State of New Hampshire, and the balance of \$75,000 would be raised by taxation. *The Selectmen and Budget Committee recommend this appropriation.* BY SELECTMEN.

ARTICLE 15. To see if the Town will vote to recognize and approve the organization of the New Durham Fire Department, in accordance with RSA 154:1 (a), which organization will have the Fire Chief continue to be appointed by the Board of Selectmen with fire fighters appointed by the Fire Chief.

ARTICLE 16. To see if the Town will vote to set the compensation of the Town Clerk, in lieu of statutory fees, at an annual salary of \$13,260 for a minimum 30-hour per week position.

ARTICLE 17. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the expenses of town government.

ARTICLE 18. To hear reports of any standing committees.

Given under our hands and seal this 21st day of February, in the year of our Lord, Nineteen hundred and ninety-six.

Frederic W. March, Chairman

REPORT OF THE ZONING BOARD OF ADJUSTMENT

To the Board of Selectmen and the Citizens of New Durham:

I respectfully submit my annual report as Chairman of the Zoning Board of Adjustment.

During the past year, the board granted eleven variances. We met jointly with the Planning Board to hear a request for a Special Exception, which was denied. There were no appeals from Administrative Decisions, nor were any boundary line adjustments brought before the Board.

When William B. Cullimore passed away early in December, the Town lost a great citizen and the Board lost a valued member. We had a tendency to rely on Bill when it came time to make a difficult decision. We will miss him.

Respectfully submitted;

James M. Eaton

Chairman

NEW DURHAM FOOD PANTRY

The New Durham Food Pantry served an average of 12 units (families), consisting of 31 individuals, each month during 1995. The colder months saw more than average units. At least five of the 31 individuals were 60 years old or older, and 13 were 18 years of age or younger.

In addition to the pantry stock leftover from 1994, the U.S. Government contributed 3,700 pounds of food consisting of green beans, cornmeal, dehydrated potatoes, tomatoes, peaches, pears, corn, apple juice, fruit cocktail, peanut butter, orange juice and applesauce.

The Pantry was fortunate to receive gifts of money and/or food from 17 citizens and three organizations, as well as from a U.S. Post Office drive, organized by Betsy Booth; the annual Boy Scouts drive, courtesy of Camp Maranatha, Inc.; the Farmington National Bank, Alton Branch, courtesy of Cecile Chase; the New Durham Girl Scouts and Brownies troops, the New Durham School, and a family from Rochester who chose our Pantry to help.

The Pantry received a Federal Emergency Management Agency (FEMA) grant of \$800 and approximately \$1,000 from the New Durham Police Relief Association. The FEMA grant was used for general stock. The Thanksgiving and Christmas Food Baskets were made possible by the New Durham Police Relief Association.

It continues to be the goal of the New Durham Food Pantry to operate solely on monetary gifts, food contributions and fund-raising events.

REPORT OF THE WELFARE DEPARTMENT

Every year brings surprises to this department and 1995 was extraordinary! Because of the inability of the political parties to agree on welfare reform and funding, many of the federal and state programs were either partially funded or not funded at all, causing those in need to rely more heavily on the Town to provide for their basic needs. This duty of the Town, virtually unchanged for 200 years, is cited in RSA 165:1:

"Whenever a person in any town is poor and unable to support himself he shall be relived and maintained by the overseers of public welfare of such town . . ."

The Town of New Durham strives to fulfill its obligations by providing for the basic necessities of food, shelter, heat, utilities and medical needs in a crisis situation as emergency aid, or on a short-term basis until other assistance becomes available, or until income improves. Of the 42 households assisted during 1995, only 11 were carried over to 1996; however, I expect the number of households to exceed that of the past year because of the insufficient Fuel Assistance Program and the drastic cuts in the Health and Human Services aid program. If you, or someone you know, is experiencing difficulty in providing basic needs, please come in to see me. Although there are many questions to be asked and answered, emergency aid will often ease a painful situation.

The New Durham Food Pantry is a continuing source of pride: an average of 31 people per month utilized the pantry, saving the town approximately \$42,000 in your tax dollars. Statistically, five of those 31 people were over 60 years of age, and 13 were age 18 or younger. The federal government provided 3,700 pounds of surplus food to our Pantry, which also received donations in the form of food or money from 17 citizens and three local organizations, in addition to a United State Post Office drive, organized by Betsy Booth and encouraged by our Postmaster; the annual Boy Scouts drive, courtesy of Camp Maranatha, Inc., which provides the bread that is distributed; and the Lavertu Family of Rochester, having chosen our Town to help, who arrive periodically with bags of food and toilet articles.

An \$800 FEMA Grant was used for general pantry stock, while the 70 Holiday Food Baskets were made possible by the Union Telephone Company of Farmington, and the New Durham Police Relief Association. The Pantry continues to be indebted to Priscilla Benz, who amazes us with her coupon-shopping ability; to "Mr. Pete", who not only drives to Dover to pick up the government food, but also sheerfully assists in the Pantry on food distribution day; to Betsy Booth, who does the weekly food shopping, keeps track of the finances, operates the Pantry on a day-to-day basis, and coordinates the Holiday Food Baskets; and the the "officers of the day" who are often called upon to

deliver emergency food as well as Holiday Baskets. It is an effort that takes many volunteers.

Judging from the many cards of thanks from those invited to the Senior Citizens' Holiday Dinner (over 200), it was again an outstanding event. From the Foxy Johnnie families who prepared the meal, the employees of Union Telephone Company who baked the pies, the food servers who rushed the food to the dining room, Winnie Berry's outstanding waitresses, the Fire Department's very efficient dishwashers, Ken Shield's talented musicians, the four food deliverers, the Wheeler brothers, the craftsmen who donated their wares, to the setters-up and the takers-down, thank you all for your efforts. Not only was every organization in New Durham involved from A (Athletic Association) to Z (Zoning Board), but we also had the next generation of caring citizens in the form of the ever-faithful Becky Jarvis, along with Elizabeth Swett and Katie Yates, who shared their Christmas spirit with us that day! It is a fun-filled Holiday event for the helpers as well as the diners. Don't miss it in '96!

The Wish-Upon-A-Star program generated many gifts to children and adults. This is a joint effort of the New Durham School, the New Durham Police Relief Association and this department. The employees of the Portsmouth Naval Shipyard, Farmington National Bank-Alton Branch, and Union Telephone Company, as well as Kingswood High School students and the New Durham Historical Society contributed to make this program a success. Many thanks to New Durham's Guardian Angel, Joanne Heger, who, with her many lists, appeared to effortlessly (well, almost effortlessly!) fill Santa's sleigh with the help of many wrappers and taggers.

Many hours of thoughtful labor are necessary to ensure that as many people as possible are happier during the Holidays. Not only do we need the funds to purchase the additional food and gifts necessary, but we also need volunteer help in many capacities. If you would like to help with the Holiday programs this year, please contact me in the fall as it is necessary to begin planning early. Sometimes when we try to economize time and effort by trying to take a short cut in planning a Holiday event, we are jolted back to the importance of rituals of children: in New Durham there is a small child who truly believes that Santa is assisted by a man wearing a badge and a beeper; the child's mother told me he'd be disappointed if his gifts arrived any other way, and I'm happy to report that both Chief Wheeler and Lt. Scruton delivered the 1995 gifts to perpetuate that ritual!

Respectfully submitted;

Sandra T. Grigg
Overseer of Public Welfare

July 6, 1995	BARBARA JOHNSON, age 82, at Rochester, N.H.
July 13, 1995	KENNETH R. HUSSEY, JR., age 62, at Alton, N.H.
August 31, 1995	WILLIAM H. NEHRING, age 80, at Rochester, N.H.
October 17, 1995	ROBERT F. PAGE, age 52, at Wolfeboro, N.H.
December 2, 1995	WILLIAM BLAKE CULLIMORE, age 57, at New Durham, N.H.
December 24, 1995	JANET C. BERRY, age 74, at New Durham, N.H.

I hereby certify that the above returns of births, marriages and deaths registered in the Town of New Durham, N.H., for the year ending December 31, 1995 are correct to the best of my knowledge and belief.

Mary V. Fuller
Town Clerk

A BRIEF SKETCH OF THE HISTORY OF NEW DURHAM, NEW HAMPSHIRE - 1995

*By Eloise Bickford
Town Historian*

"A group of settlers from Durham petitioned the Masonian proprietors for a (six mile square) grant of land north of Rochester in 1748. Each lot owner was to build a house at least 16 feet square. There was to be forty families settled within five years after a peace was proclaimed between the English and Indians; and in addition to the house, each family should have three acres cleared for mowing or tillage. The meeting house was to be completed within six years and a sawmill within five.

"In the spring of 1750, the land was surveyed and a plan or map of numbered lots was drawn up. A raffle was held at a tavern in Portsmouth where the numbered lots were drawn and the land was parceled out sight unseen. A few of the new owners took possession of their land while others held their new holdings as a speculative real estate investment. Only about two percent of the petitioners actually came to the settlement to homestead. Early records show some of the settlers bore the names Allard, Bennett, Berry, Bickford, Durgin, Dow, Davis, Glidden, March, Rogers, Willey and Young.

"In 1762, the residents made a request to the Royal Governor for recognition in the form of a Charter, that would authorize them to have a town government of their own. The Charter was granted by King George III, and a town was officially born in this rocky, frontier land in the wilderness. (This town is one of very few that still have their original charter.)

"During the next two centuries there were many changes in the character of the town, including severe fluctuations in the population. In 1860, the population had grown to 1,173", (dropping to 460 during the Depression years in the 1920's & 30's. It was slow to regain its population until the building boom of the 1970's and 1980's resulted in reaching a population of about 2,000 residents in 1995.)

"The Town was primarily agriculturally oriented with a few saw and gristmills taking advantage of the multitude of waterways that supplied power. During the mid-1800's, a limited amount of industry began to appear also making use of water power. The gun powder mill, (where the N.H. Powder Mill Fish Hatchery has been located on Merrymeeting Road since 1947), two knife factories, two handle factories, a brush factory and various other small

enterprises were scattered throughout the town.

"After 1860, the population declined due to a combination of circumstances; the Civil War, the gold rush, the western land rush, and the later migration of the younger generations to the cities to find work in the factories and huge textile mills that were part of the Industrial Revolution. Most of the farmland was marginal, and wrestling a living from the rock strewn farms was not to their liking. Gradually, the farms were deserted and the town population dropped until it reached the low of 463.

"Another change in the town was brought about by the railroad coming through in 1856. This shifted the focus of business and town life to the present location, from the original "Four Corners" on the Old Bay Road (near the Meeting House being reconstructed today). It also made possible commuting to other localities to work and farming became, for most, a part time venture."

(During the 1930's and 40's, lumber operations stripped much of the mature timber and provided a living of sorts for sawyers, hostlers, mill workers and woodland owners. Timber companies of the day would come in and strip the timber then abandon the property as worthless, leaving behind a large portion of land no longer producing taxes, greatly impoverishing the town's treasury. Land could be purchased for \$1.00 (one dollar) an acre during these years.

New Durham offered some sort of schooling since the early 1800's. In 1872, the town could claim 14 school districts with one room school houses scattered all over town. Gradually, as roads and methods of transporting the children to school improved, the schools became more centralized. The last remaining outlying school was on the Ridge, and it closed when the children were bussed into the two-room school on New Durham Plains in 1946. New Durham joined the Governor Wentworth Regional School District in 1964, with the intention a regional school would supply a more rounded education for its children.

The original brick four-room school, built when the town entered the Regional School District, has had three additions to keep up with growth and to stay conversant with modern educational requirements. The school population is about 200 at this time, well served by a professional staff, a computer laboratory, library, gym and the necessary criteria for education.

An extensive two recreation department is also in place with a Recreation Director, three ballfields and many sports programs available for the youth. A new town beach, for the enjoyment of all ages, was added this year at

Merrymeeting Lake.

During the last few years, the population has tended to stabilize, although the town continues to be a so-called bedroom town with the majority of residents finding work in nearby cities and towns. A few businesses are scattered throughout the area including three restaurants, a general store, a few garages and many home businesses.

All the Town departments have grown and many changes have been made to all of them including new buildings and equipment. Education and roads are known historically to be responsible for escalation of the tax rate and continue to be so today.

New Durham's population has gone full circle, but the services and quality of life offered to residents today are greatly improved compared to the last time the resident list numbered close to 2,000.)

The early history submitted here is partly drawn from the HISTORY OF NEW DURHAM by Ellen Cloutman Jennings, 1962. Additions and changes to the author's work are enclosed in parenthesis, (). For a more complete understanding of New Durham's past, refer to the HISTORY OF NEW DURHAM, available for circulation or purchase at the New Durham Library.

TOWN GOVERNMENT TALENT BANK
SERVE YOUR COMMUNITY

Town government needs citizens who are willing to give time in the service of their community. The Talent Bank is organized as a means of compiling names of volunteer citizens willing to serve on boards and committees. Names in this file are available for use by the Selectmen and Moderator, as well as all Town Offices.

Please complete the questions, indicate your areas of interest and return immediately to:

Town Government Talent Bank
